

Abacus, 113

Ability groupings, 286. See also Levels of ability.

Ability levels. See Levels of ability.

Abstract system for multiplication. See Multiplication;  
Lattice system.

Academic failure, vi

Activity centered, 1, 2, 286

Activity time, 290-291

## Addition

- with beans, 95-97
- beans and cups recording sheet, 97
- beginning, 26-28, 30-32, 33-35
- carrying, 111
- with chips, 106-107, 110-113
- with cubes, 34
- of decimals, 182-184
- difficulties of, 97
- of fractions, 159-160, 164, 170
- number facts, 33-34
- with people, 63-65
- with people and objects, 65-66, 70
- people problems on a matrix, 70
- questions for
  - decimals, 183
  - number facts, 33
  - people and objects, 70
  - tiles, 28, 31
- of signed numbers, 268-270
- with tiles, 26-28, 30-32
- of unlike fractions, 164
- word problems, 66-69, 74-77

Advanced addition and subtraction, 78-113

Advanced division, 132-149

Advanced multiplication, 1, 114-131

## Answers

- giving the, 8, 27, 120, 191
- how to designate, 27
- inappropriate, how to handle, 6, 67

Applications, 2

## Area

- for assorted shapes, 158
- on the geoboard (fractions), 155-158
- for multiplication of fractions, 170-175
- multiplication with tiles, 38-42
- of triangles, 155-157
- for understanding fractional values, 152-155

Arithmetic, 1, 2

Arranging the classroom, 286-287

## Arrow math, 10-14

- purpose, 10
- questions for, 13, 14
- rules, 10, 14

Assessment, 7, 26. See also Individual blackboards.

Attributes. See also Sorting and classifying.  
definition, 190

Banking game, 89-92, 103-106

## Bases

- five, 85-86, 88-101
- four, 81-89, 91-92, 94-95, 97, 99-101, 104-111
- introducing formal names, 104
- rationale, 81
- ten, 81, 111-113
- three, 102-110

## Beans and cups

- addition, 95-97
- decimal notation, 178-181
- description, 295-296
- division, 51-55, 134-138
- generating division matrix, 54-55
- grouping activities, 82-92
- minus-one game, 83-85, 87-89
- multiplication, 42-45
- place value, 92-95
- plus-one game, 82-83, 85-89
- questions for
  - division, 53, 135
  - division format, 55
  - division matrix, 54-55
  - greater than, less than, 94
  - grouping activities, 86, 89
  - multiplication, 43, 44
- recording sheet, 97-99
- subtraction, 97-101
- subtraction difficulties, 98

- Beginning activities, 1
  - addition, 1, 26-28, 30-32, 33-35
  - division, 49-77
  - multiplication, 36-48
  - subtraction, 28-30, 32, 33-34, 35
- Behavior, 287-292

Tile board, 56

#### Tiles

- addition, 26-28, 30-32
- area, 38-42
- change of direction, 18
- description, 294-295
- division with, 55-58
- grouping activities, 81-82
- multiplication with, 38-42
- number facts with, 33-34
- patterns with, 17-20
- questions for
  - addition, 28, 29, 31
  - division, 57
  - division formats, 57-58
  - grouping, 81
  - multiplication matrix, 41
  - patterns, 20
- subtraction, 28-30, 32-34

Title I schools, 1

Trading board, 95

Transparency, making a, 315

#### Unifix cubes

- in addition, 34-35
- description of, 295
- for equivalent fractions, 165-167
- their function in graphing, 229

- for graphing, 228-232
- patterns with, 20-23
- in subtraction, 35

Under-achieving students, 1

#### Unlike fractions

- addition of, 164
- subtraction of, 164-165

U.S. Customary Units, 152, 206, 238

Whole group instruction, 286

Word problems. See also People problems.
